AHIMSA INDUSTRIES LIMITED AHMEDABAD
ECONOMIC REVIEW

The plastics industry in India has developed and diversified significantly since its inception in 1996. The Indian plastics industry market has now grown to become one of the leading sectors in the country's economy, employing more than 4 million people. India is also one of the world's top exporters of plastics products. The industry manufactures and exports goods.

India has increasingly adopted free market principles and liberalized its economy to international trade after a fiscal pricing in 1991. The reforms largely favored industrial growth in country. Hence, the country's economic growth progressed at a rapid pace with relatively large increases in per capita incomes.

RECENT DEVELOPMENT

At present the plastic industry is around Rs 2.25 lakh crore, according to the All-India Plastics Manufacturers Association which expects with the right kind of government support it can double to Rs 5 lakh crore over the next five years. The application of plastics can be found in almost every sector.

The Industry is driven by key factors like rising population, increase in income levels and changing lifestyles. Demand from rural sector for packaged products is being fuelled by increasing media penetration through the means of internet and television.

India is a growing market for plastics and consumes about 12.8 million tons of plastics annually against the global consumption of 285 million tons per year.

INDIAN MARKET

The sentiment of Indian Industry was positive due to change in Government. The economy was showing the sign of returning to growth path and fiscal & current account deficit were lower. Effects of demonetization and Goods & Service Tax (GST) have highly shown in the whole Indian Economy. The manufacturing sector was benefited from lower

interest rates, stable commodity prices & falling oil prices. However, there was a need of Government focus on infrastructure and require greater attention for overall growth of manufacturing & economy of India.

It is expected that the Indian economy is poised for higher growth beating growth rate of China in coming year. There are positive signs for such expectation like inflation are in control, oil prices are stable at lower level, interest rates expecting to fall further, stable commodity prices and positive expectation from present Government on reform & policy matters.

Ahimsa is continually researching ways to further improve quality, to increase and develop the barrier qualities of PET, and to renew and optimise the preform and bottle designs.

INDUSTRY STRUCTURE AND DEVELOPMENT

Indian plastic and beverages market is highly competitive. Your company had focused on quality product to sustain its business and performed satisfactory on Indian market & done reasonably well on export front.

The Company has tried its best to lower the impact of high price inventory of first half and take advantage of lower prices by timing the purchase of raw materials.

The Company is also judging the consumer taste in timely manner and introduced few new designs of Pet Preform articles. The company has developed market for its products in domestic as well as international geographies.

OPPORTUNITIES AND THREATS

The use of PET packaging products is increasing day by day. Changing life style, urbanization are pushing FMCG sector to use PET Packaging products in new innovative and trending ways to increase the sales by attracting the end users of the final products. Keeping in view the increased demand in PET packaging products, the Company continuously work on developing the products in trending ways to attract the more and more customers.

However, despite having a good growth potential, the plastic packaging industry faces many threats in terms of health hazards, government bans, fluctuating raw material prices and competition. Some of the players present in the industry follow unethical

practices to increase the revenue by selling poor quality products which may look similar but are hazardous to the environment.

To overcome these challenges, significant efforts will have to be made by all the stakeholders to realize the real potential of this industry.

In a recent report of Council of Scientific and Industrial Research (CSIR), it has declared PET material to be safe for storage of water and packaging of food products.

SEGMENT WISE PERFORMANCE

Total revenue of our company is derived from Plastic & beverages segment, Textile and Export. Indian plastic & beverage and textile market is highly competitive. But our company has always put great emphasis to sustain satisfactory performance by focusing on quality product to its customers and by performing reasonably well on export front.

RECENT TREND AND FUTURE OUTLOOK

In recent years' Indian economy under the new government has gathered strong momentum. The company is optimistic about the recovery of Indian economy and the capital market. The country has to grow economically to with stand any international pressures from foreign countries. The way to economic growth begins with capital market development. The capital market industry in other words is backbone to economic growth in country.

Since its foundation, the production of PET packaging in the form of preforms and bottles has been the core business of Ahimsa. The preforms are blown into bottles by Ahimsa or by the customer, and then filled with water, soft drinks, edible oils, ketchup, milk, fruit juices, etc.

RISKS AND CONCERNS

Our industry is mainly dependent on economic growth of country. The industrial growth is very sensitive which is dependent on many factors which may be social, financial, economic or political and also natural climatic conditions in the country. However, with the positive attitude of country which can mitigate the avoidable risks.

Ahimsa endeavours to achieve a global spread of risk and maximum flexibility. The strong position of Ahimsa is the result of very high productivity, its technological leadership

whereby quality and innovation come first, and its extensive geographic distribution. The production is highly automated and the production technology has to a large extent been optimised in-house.

To the Members of Ahimsa Industries Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Ahimsa Industries Limited (the 'Company'), which comprise the Balance Sheet as at 31st March 2021, the Statement of Profit and Loss, the Cash Flow Statement and the Statement for Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021 and its Profit and Cash Flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have nothing to report in this regard.

Information other than Financial Statements and the Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report the fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were

operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the act, we

are also responsible for explaining our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- **Materiality**

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in:

(i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) To evaluate the effect of any identified misstatements in the financial statements.

- **Communication with Management**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

To the Independent Auditor’s on the Financial Statements of Ahimsa Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Ahimsa Industries Limited (“the Company”) as of March 31, 2021 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining Internal Financial Controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate Internal Financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal

financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Control system over Financial Reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles.

A Company's Internal Financial Control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
