The Company incurred a net loss of ₹49,56,720/- during the year under review as against a net loss of ₹4,17,63,132/- in the previous year.

The significant decline in revenue reflects the substantial reduction in business activities during the year. Over the past few years, the plastics and PET tube industry has witnessed intense competition, increasing pricing pressures, rising input costs, and changing market dynamics, which have adversely impacted the commercial viability and profitability of the Company's existing operations. After a detailed assessment of the prevailing market conditions and the long-term sustainability of the business, the management concluded that continuation of the existing operations was no longer commercially viable.

Accordingly, the Company has substantially discontinued its traditional business operations in the plastics and PET tube segment and has been focusing on identifying alternative avenues for sustainable growth and long-term value creation for its stakeholders.

As part of its strategic business realignment, the Board has been actively evaluating opportunities in the pharmaceutical and healthcare sector, considering the sector's long-term growth prospects and the Company's objective of diversifying into businesses with better scalability and profitability. The management is exploring various opportunities, including manufacturing, trading, marketing, contract manufacturing, and other allied activities in the pharmaceutical sector, subject to the identification of suitable business opportunities and receipt of all necessary statutory and regulatory approvals.

In order to facilitate this strategic transition, the shareholders of the Company approved the amendment to the Objects Clause of the Memorandum of Association at the Annual General Meeting of the Company held in 2024, thereby enabling the Company to undertake activities relating to the pharmaceutical and allied sectors. The amended objects provide the necessary legal framework for pursuing the proposed business diversification and future expansion plans.

The Board continues to evaluate potential business opportunities, strategic partnerships, acquisitions, and other growth initiatives that align with the Company's long-term vision. While no new business operations have commenced as of the date of this Report, the management is actively engaged in identifying suitable opportunities that are expected to generate sustainable revenues and enhance shareholder value.

Directors' Report

The Board remains committed to safeguarding the interests of all stakeholders and is confident that the strategic transition towards the pharmaceutical sector will position the Company for sustainable growth in the coming years. The Company shall keep its shareholders informed of any material developments in accordance with the applicable provisions of the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and other applicable laws.

Management Discussion and Analysis

To AHIMSA INDUSTRIES LIMITED AHMEDABAD ECONOMIC REVIEW

The Global economy is anticipated to continue navigating a period of transition, marked by steady growth despite facing certain challenges. According to the OECD's Economic Outlook, global GDP growth is projected to slightly moderate, with growth rates of 3.1% in 2026, supported by improving economic conditions across several key regions. While this is a slight slowdown from previous years, it reflects a stable recovery trajectory after the global disruptions of earlier years. (oecd.org) Inflation rates are also expected to gradually ease, moving from 3.8% in 2026 to 3.2% in 2027 across G20 economies. This reflects improving supply chains and stabilization in commodity prices, which will provide some relief to both consumers and businesses globally. The global economy is likely to experience steady growth, driven by innovation, digital transformation and a more resilient services sector.

In the United States, there are positive signals from various sectors, especially in technology and services, despite some uncertainties around trade policies. Analysts remain cautiously optimistic, with expectations that innovation-driven growth will continue to mitigate the effects of short-term challenges.

INDIAN ECONOMIC REVIEW

India's economy remains one of the strongest and most resilient globally, showcasing impressive growth despite global uncertainties. The International Monetary Fund (IMF) has projected India's GDP to grow at 6.5% in FY26, reinforcing its position as a key driver of global growth.

This robust growth is supported by continued demand in the services and manufacturing sectors, as well as strategic Government initiatives focused on improving infrastructure and streamlining policies.

In alignment with this outlook, the United Nations' World Economic Situation and Prospects Report forecasts India's economy to expand by 6.4% in 2026, with strong momentum in both domestic and export-driven industries. This growth will be further supported by Government reforms, especially in the manufacturing sector, which is benefiting from initiatives designed to enhance ease of doing business and boost exports. While some programs, such as the Production-Linked Incentive (PLI) scheme, are evolving to maximize their impact, India's growth trajectory remains positive. The PLI initiative continues to attract investment in key sectors, with further refinements to ensure long-term competitiveness.

INDUSTRY STRUCTURE AND DEVELOPMENT, OPPORTUNITIES AND THREATS

The Indian PET (Polyethylene Terephthalate) industry faces both competition and threats, primarily stemming from waste management concerns, fluctuating raw material prices, and competition from alternative materials. These factors impact the industry's stability and require strategic responses like enhanced recycling initiatives and exploration of bio-based alternatives.

The PET industry is undergoing rapid transformation driven by advancements in manufacturing technologies, packaging design innovations, and increasing adoption of sustainable materials. Considering these factors, the Company is actively evaluating new business opportunities in the pharmaceutical sector as part of its strategic realignment, with a view to diversify revenue streams and leverage its existing operational capabilities in a growing and resilient market.

In recent years' Indian economy under the new government has gathered strong momentum. The company is optimistic about the recovery of Indian economy and the capital market. The country has to grow economically to withstand any international pressures from foreign countries. The way to economic growth begins with capital market development. The capital market industry in other words is backbone to economic growth in country.

Since its foundation, the production of PET packaging in the form of preforms and bottles has been the core business of Ahimsa. The preforms are blown into bottles by Ahimsa or by the customer, and then filled with water, soft drinks, edible oils, ketchup, milk, fruit juices, etc.

In line with the Companies Act 2013 and SEBI Regulations, the Board has delegated the responsibility of reviewing the Company's risk management system to the Risk Management Committee.

Apart from the typical risks associated with business operations, manufacturing, and commercial activities, the key risks and areas of concern identified by the Company are outlined as follows:

Raw Material Price Volatility

- Fluctuations in global crude oil prices and supply disruptions can directly impact production costs.

Technological Changes & Product Substitution

- Rapid advancements in packaging and material science, including adoption of bio-based plastics, glass, aluminum, or paper-based alternatives, may reduce demand for PET.
- Companies that fail to upgrade manufacturing processes risk becoming less competitive.

Environmental & Sustainability Concerns

- Growing consumer and regulatory pressure to reduce single-use plastics is pushing for higher recycling content and reduced PET usage.
- Stricter environmental laws regarding plastic waste disposal and extended producer responsibility (EPR) could increase compliance costs.

Recycling & Circular Economy Challenges

- Inadequate collection and recycling infrastructure in certain regions limits recycled PET (rPET) supply, affecting the ability to meet sustainability targets.
- Competition for high-quality rPET can increase input costs.

**Market Demand Dependence**

- PET demand is closely linked to industries like beverages, food packaging, textiles, and industrial applications.
- Any slowdown in these sectors can directly impact sales volumes.

Geopolitical & Trade Barriers

- Tariffs, import restrictions, or trade disputes can disrupt raw material sourcing and finished product exports.
- Dependence on specific countries for feedstock or machinery can create vulnerabilities

Independent Auditor's Report

TO THE MEMBERS OF AHIMSA INDUSTRIES LIMITED

Report on the Audit of the Financial Statements for the year ended 31st March 2026

Opinion

We have audited the accompanying financial statements of AHIMSA INDUSTRIAL LIMITED ("the Company"), which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss (including other comprehensive Income), the Statement of cash flows and the Statement for changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, the profit and loss and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statement in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

During the previous year, the previous auditor has raised the following matters: -

- a) the Company underwent a significant operational change by ceasing its in-house manufacturing activities and selling all its plant & machinery, as well as its land and building. The Company has since shifted to a job work model, whereby production is outsourced to third-party vendors. This strategic shift is expected to result in substantial cost Savings, particularly in terms of manpower and infrastructure requirements. These developments have also raised considerations regarding the Company's ability to continue as a going concern.

However, the management has given assurance that the company is actively evaluating now business opportunities in pharmaceutical Sector as a part of its strategic realignment.

- b) In addition, certain pending income tax litigations have contributed to this assessment. These matters were identified and raised by us during the course of our audit and are discussed in detail in Note No.10 Of the notes to the financial statements.

We are given to understand that as per management's belief and the legal advice obtained no material liability is likely to arise from the said proceedings. Accordingly, the same has been disclosed as a contingent liability in the financial statements.

Emphasis of Matter

During the previous year, the previous auditor has raised the following matter: -

We draw attention to Note 5 of the financial statements, which describes management's reassessment of inventory valuation. As disclosed, a portion of the Company's inventory primarily related to food-grade plastic packaging materials, has been identified as aged obsolete, no longer meeting applicable regulatory standards. In accordance with accounting Standard (AS) 2, these items have been valued at their net realizable value due to limited or no utility or marketability. Our opinion is not modified in respect of this matter. There is negligible movement during the concerned year Information Other than the Standalone Financial Statements and Auditor's Report Thereon The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in

the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under section 133 of the Act read with relevant rules issued there under.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing

Independent Auditor's Report

our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonable ness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. We have audited the internal financial controls over financial reporting of Ahimsa Industries Limited (the “Company”) as of March 31, 2026 in conjunction with our audit of the financial statements for the year ended on that date.

2. Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

3. Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit.

We have conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects to the extent applicable.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

4. Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

5. Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

6. Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.
